Re: Request for Certificate of Correction

Consideration has been given your request for the issuance of a certificate of correction for the above-identified patent under the provisions of Rule(s) 1.322 and/or 1.323.

With respect to the omitted priority claim, section 201.14(b) of the Manual of Patent Examining Procedures, states that if the certified copy is presented in a parent application on file in the Patent and Trademark Office, it is not necessary to file an addition certified copy. However, it is clear that the Manual statement, in accordance with the statutory requirement, requires the filing of a claim of priority in the continuing application(s). Absent such a claim, statutory requirement have not been met. **"Therefore, no correction(s) is in order here under United States Codes (U.S.C.) 254 and the Code of Federal Regulation (C.F.R.) 1322."**

In view of the foregoing, your request is hereby denied.
